

April 12, 2008

To whom it may concern:

Ariela Wilcox was instrumental in the completion of my book: *Chameleon Butterfly Dragonfly*. She not only helped shape my idea into a marketable book but also masterfully guided me through an intense process.

I am extremely pleased with the result and the time in which it occurred.

I recommend Ariela to any writer that knows they have a book in them and are ready to undertake a challenging yet fulfilling endeavor.

Sincerely,

Cindy Silbert
