## LETTER OF APPRECIATION

10 Feb. 2009

I have known Ariela Wilcox, President of Brand It, Own It, Ltd. for a number of years. First as my Literary Agent when she sold (auctioned my Foreign Rights to my book in 2004) and then when she taught me her powerful proprietary method – Business Opportunity Licensing & Business Opportunity Consulting – for making great income from my past experiences and ideas.

- When she told me I could potentially make a 6-Figure income by telling other people my story, how I to set up and run a Raw Foods restaurant, I didn't really believe it or that I could do it, though I trusted her knowledge, vast experience and judgment explicitly
- This method and Ariela's Bus. Model Licensing Program interested me because I always wanted to teach the benefits of a Raw Food lifestyle, and the value of making a business of it, but I didn't want to be tied down to traditional classes
- I also wanted to make some serious money...so my husband could retire...so we could have the freedom to travel and live a certain lifestyle...to be able to spend more time with our family and grandchildren
- Ariela taught me her program - hands on - step by step - and it only took a few WEEKS until I was ready to do my first Business Model License Sale, contracts and all
- Her program is methodically outlined and organized, using her brilliant business talents and professional guidance, I was able to easily focus on one thing at a time until it was finished
- **The VERY FIRST MONTH I had someone contact me from Florida (I live in Sedona, AZ.) I MADE MY FIRST BUSINESS MODEL LICENSING SALE OF \$20K !!!**

I would recommend Ariela's services to owners who wants to make money with their business, recoup their initial investment, maximize their first location, who do NOT want to Franchise, BUT who DO want a stream of REVENUE that can be 6-7 figures.
